

**CONSTANTINOPLE
EXPECTS RIOTS.**

If Fleet Passes Dardanelles
Panic is Predicted.

Activity at the Dock Yards
Alarms the Populace.

People are Half Starved, but
Soldiers are Well Fed.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
CONSTANTINOPLE, Feb. 24.—This place seems to be laboring more and more under Russian military laws, which, in other words, means that the army must be allowed to gorge in plenty even if civilians have to starve. If this state of things continues much longer it would not be surprising if a revolution broke out. The Tans go on publishing wonderful accounts of victories by the Turkish armies in Egypt and on the Suez Canal, while it is told here that the whole Russian army is in full retreat and England is blockaded by German submarines.

This news is passed around the bazaars and helps to keep the kettle of enthusiasm at a boiling point, but no longer reaches the boiling point; and no wonder, for how can half-starved people be expected to rave over a victory which brings them no apparent relief? People have learned to read the Tans reports with a considerable amount of skepticism and would give a lot to get hold of an English, French or even a neutral paper, but these are all tabooed, and the German censor takes good care that nothing leaks out which is likely to cause any uneasiness among the Turks. The slightest rumor of anything wrong would be fatal at present, for the underlying distrust of Germans which exists in certain Turkish circles might break out into a public demonstration and cause endless trouble. Great nervousness is already being felt regarding the Dardanelles, for enormous activity is being manifested in the dock yards, and although everything is kept as secret as possible, the dock yard workmen spread rumors that the inner forts must have been damaged.

The poor old Goeben is being hampered at day's end by the warships, doubled energy, and it is believed she will at least be able to use her guns as a sort of coast defense if the worst comes to worst. One thing is certain, and that is if the British or French fleet gets through the Dardanelles there will be a panic here.

**ATTACK GOES ON
DESPITE WEATHER.**

(BY ATLANTIC CABLE AND A. P.)
PARIS, March 4, 9:40 p.m.—The Ministry of Marine issued tonight the following communication concerning the allied attack on the Dardanelles: "Methodical operations against the defenses of the Dardanelles continue, March 3, despite an annoying north-east wind.

"Numerous travelers dragged the entire strait from its entrance to the south of Dardanelles (on the European side almost opposite Dardanelles) in order to permit the warships, including the Khankalek to move about with security.

"The observation post at Kaaba Tepeli (on the Asiatic side) has been destroyed by a cruiser. At various points on the coast, field batteries and formations of troops have been cannonaded by the allied vessels.

"On the Syrian coast the French cruiser D'Entrecasteaux demolished the battery of Dardanelles on the Gulf of Alexandrette north of Mitylene Island and the battleship Jaureguiberry destroyed the oil depot at Salda. The Palestine about thirty miles south of Beirut."

**BIG CONFLICT
IN CARPATHIANS.**

(BY ATLANTIC CABLE AND A. P.)
VENICE, March 4 (via London)
March 5.—Dispatches to the Budapest newspapers indicate that a tremendous conflict is in progress in the Carpathian Mountains. The reserved language employed and the blank spaces left by the censor seem to imply that the fighting is still in an indecisive stage.

The press censorship, particularly in Austria, daily is growing more severe.

The Vienna newspapers are protesting vigorously against the heavy export of food to Germany, particularly in view of the allegations that Germany is not allowing any exports of horses to Austria, although Germany is said to have a surplus.

The Countess Dubois-Devillard, 28 years old, and a member of one of the noble Dalmatian families, has been sentenced to a year at hard labor by a military tribunal. It is reported for singing the national Serbian air at an open window.

**TO BAR RETREAT
OF THE AUSTRIANS.**

(BY ATLANTIC CABLE AND A. P.)
LONDON, March 5, 8:59 a.m.—A Bucharest dispatch to the Daily Mail says:

"The Russian counter-offensive in Galicia continues with success and is beginning to endanger the Austrian forces in Bukovina. The Russians advanced on Kolomey, threatening the right flank of the Austrians. The Russians are assembling north of Bukovina to cut off the Austrian retreat toward the Carpathians."

**LAST DESPERATE STAND
OF THE TURK IN EUROPE.**

(BY A. P. NIGHT WIRE.)
WASHINGTON, March 4.—American Ambassador Henry Morgenthau is endeavoring to arrange for the definition of a neutral zone at Constantinople for the protection of foreigners and non-combatants in the event that the allied forces reach the Ottoman capital.

The American government was advised of this in official dispatches today. Extensive measures have already been taken by the Turkish government for the protection of foreign and native population, it was said. Plans are in operation for a stubborn defense of all the outlying positions along the Sea of Marmara and the approaches to Constantinople.

Fortifications are being erected and the activity of the Turkish forces is such that there is no question, according to official dispatches, of the intention of the Ottoman government to make a desperate fight against the invading forces.

**GERMAN WOUNDED
IN PRZASNYSZ.**

RUSSIANS FIND BODIES OF MANY
SOLDIERS LYING IN
HOUSES.

(BY ATLANTIC CABLE AND A. P.)
PETROGRAD (via London) March 4.—The Russians, on re-entering Przasnysz after its occupation for three days by the Germans, are reported to have found nearly every house filled with wounded or sick German soldiers. In addition, there were Russians who had been prisoners for four days. Except for the small services rendered them by the inhabitants, these men virtually had been without care.

Hundreds of men had died from lack of medical attention and their bodies lay unburied. The streets were littered with agricultural implements and household furniture, and there was a great scarcity of provisions. Scores of houses had been fired by shells and the municipal building was partly destroyed.

Many prisoners are being brought to Przasnysz, having been captured from the German rear guard by the Russian cavalry. Along the roads there are evidences of a hasty retreat.

**SPECULATORS
AT THEIR BEST.**

RUMORS OF PEACE ARE TRACED
TO THEM.

Financial Centers Hear that Contracts for Ten Million Dollars Have Been Canceled Because the Dardanelles are Sure to Fall, but it's All Pronounced Fiction.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
NEW YORK, March 4.—Rumors were in circulation in Wall street today that the fall of Dardanelles would be followed by the immediate transportation of a million Russian troops to France to reinforce the allies; that this had caused the cancellation of the contracts here, as it probably meant the cessation of war.

For enormous activity is being manifested in the dock yards, and although everything is kept as secret as possible, the dock yard workmen spread rumors that the inner forts must have been damaged.

The poor old Goeben is being hampered at day's end by the warships, doubled energy, and it is believed she will at least be able to use her guns as a sort of coast defense if the worst comes to worst. One thing is certain, and that is if the British or French fleet gets through the Dardanelles there will be a panic here.

**DEFEAT SLAVS
IN SNOWSTORM.**

(BY ATLANTIC CABLE AND A. P.)
VIENNA (via London) March 4.—The following official communication was issued by the War Office tonight:

"On the Riala River, southeast of Zaklucy, the Russians were repulsed yesterday after a sanguinary battle. On both sides of the Latorza Valley, the Russian forces were repulsed. On the heights north of Ciana, battles continue both day and night.

"At every point where our troops are engaged around the enemy repeatedly attempted counter-attacks, which are always repulsed. This was especially so on the Bolnisi road, where the Russian attacks during the night of snow with strong forces. The attack was stopped by our artillery fire, which inflicted heavy losses.

"On the other part of the front there has been no essential change. Before Przemysl calm prevails."

**POSTERS DAMAGED;
ANTWERP FINED.**

(BY ATLANTIC CABLE AND A. P.)
AMSTERDAM, March 4 (via London).—The municipality of Antwerp, according to the Handelsblad, has been fined 50,000 francs (\$10,000) by the German authorities because posters announcing the German East Prussian victory were damaged.

The population of Antwerp has been warned, the newspaper adds, that in future the inhabitants of houses situated near where posters are damaged will be held responsible for the damage and severely punished.

**BATTLE RAGES
DESPITE SNOW.**

(BY ATLANTIC CABLE AND A. P.)
VIENNA, March 4 (via Amsterdam to London).—"The abundant snowfall," says the Neue Freie Presse, "has not diminished the violence of the battles in the Carpathians. While on the western wing, where the Russians have suffered their heaviest losses, the intensity of the Russian attack has decreased, the battle in the center between Lupkow and Uszok passes is raging more fiercely than ever."

The Russian counter-offensive in Galicia continues with success and is beginning to endanger the Austrian forces in Bukovina. The Russians advanced on Kolomey, threatening the right flank of the Austrians. The Russians are assembling north of Bukovina to cut off the Austrian retreat toward the Carpathians."

Fortifications are being erected and the activity of the Turkish forces is such that there is no question, according to official dispatches, of the intention of the Ottoman government to make a desperate fight against the invading forces.

**HELP US FIGHT
OR KEEP STILL.**

(BY ATLANTIC CABLE AND A. P.)
LONDON, March 4.—Unless neutral nations are prepared to assist in throwing the Germans out of Belgium, no suggestions from them in the matter of preventing the further devastation of that country are wanted, said Sir Edward Grey, the Foreign Secretary, in the House of Commons today.

The Foreign Secretary's statement was made in response to an inquiry from Frederick W. Jowett, whether the British government was "willing to invite suggestions from neutrals with a view to avoiding the further devastation of Belgium by the great powers, which are contending for its mastery."

"The only solution of this question," Sir Edward continued, "is the evacuation of Belgium territory by German troops, the restoration of her independence and reparation for the wrong done here. Unless neutral powers are prepared to assist in securing that solution, I don't see what could be gained by the course suggested."

(BY A. P. NIGHT WIRE.)
WASHINGTON, March 4.—State Department officials, commenting on Sir Edward Grey's statement concerning the evacuation of Belgium, said that the United States is proceeding for the prevention of further devastation of Belgium, said that the United States is proceeding for the prevention of further devastation of Belgium, said that the United States is proceeding for the prevention of further devastation of Belgium.

**STEADY GAINS
BY THE ALLIES.**

Outer Straits of Dardanelles
Have been Cleared.

Russia is Slowly Pushing
the Austrians Back.

Only Change in the West is
Small German Victory.

(BY ATLANTIC CABLE AND A. P.)
LONDON, March 4.—There has been very little change in the military and naval situation in the last twenty-four hours. While the Russians continue their progress against the Germans in North Poland, they are, according to their official report, pursuing and capturing many of the retreating Austrians in Eastern Galicia and are repulsing with heavy losses persistent day and night attacks of the Germanic allies in the Carpathians. They have not by any means yet disposed of any of the forces opposed to them.

It is the same with the allied fleet in the Dardanelles. In their bombardment the warships have made greater progress than was anticipated, but they still have the more strongly fortified part of the straits to get through.

Along the western front the French are continuing their attacks in Champagne and the Aronne, but beyond these the only movement of any consequence has been made north of Arras, where the Germans succeeded in capturing a newly-constructed French trench.

RUSSIA FIGHTING HARD.

The battles in the east and for possession of the Dardanelles are creating much interest, as they are considered to have a very marked bearing on the future of the war. Having pressed the Germans back from Przasnysz towards Miawa, the Russians are now exerting their efforts and, according to their own accounts, with success, to drive them back in the districts farther to the north from west of Kovno to west of Grodno. At the same time from in front of Lomza, these movements, if successful, might naturally be expected to force the Germans to withdraw from in front of Osmelwa, which fortress they continue to bombard with their heavy guns.

The Russians continue their fierce attacks under disadvantageous conditions, owing to the snow and cold, against the Russian entrenchments in the Carpathians. Another of their armies, confronted with strong Russian reinforcements, is falling back in Eastern Galicia.

CONTINUING BOMBARDMENT.

Relays of battleships keep up almost continuous bombardment against the Dardanelles forts. They have cleared the outer straits and are now attacking the inner forts, which are the narrowest and which are considered the most difficult to deal with.

The destruction of what the British Admiralty calls Fort No. 9 was a necessary operation before the warships could move farther into the straits, as it forms the first of the mine deposits of the Dardanelles. It was built at the water's edge on the European side, opposite the forts which line the straits. The mine deposits are carried out by the French ships in bombardment from the sea. The Saros-Buir line, which runs from the tip of the peninsula of Gallipoli at a point where it is only three miles wide. So long as the guns of the warships are in position, the line of communication between the forts on the European side of the straits and Constantinople are cut off.

BUILD TO MAKE WHEAT DROP.
One of the most welcome effects of the bombardment so far as England is concerned is the reduction of the price of wheat, which has fallen from 55 to 50 shillings a quarter, as compared with 58 shillings and over less than a fortnight ago.

Employment and workmen between whom differences have arisen owing to the increased cost of living, the demand of the workmen for higher wages, are quickly finding a means for settling their disputes. All the Clyde engineers have returned to work untroubled by their demands for higher wages, and the Liverpool coal heavers, who refused to continue at work and held up the duties tonight after an appeal from T. P. O'Connor, whose constituents most of them are. A national conference of miners and coal heavers is being held to decide on a means to increase the output.

**HELP US FIGHT
OR KEEP STILL.**

(BY ATLANTIC CABLE AND A. P.)

President Wilson's New Motor Barge.

A runabout for the water.

An interesting example of the skill in design and construction of motor boats of the runabout type is to be found in the forty-foot barge just completed by Naval Constructor L. S. Adams, United States Navy, and the industrial manager at the Portsmouth Navy Yard, for the special service and convenience of President Wilson. As originally arranged, the President was to first employ this boat when he embarked on the warship New York at Hampton Roads, en route for the isthmus of Panama for the official opening of the new canal, and thereafter as his private tender at the various official functions to be held at Colon, Gatun Lake and Panama in the Canal Zone, where he was to review the battleship fleet of all nations on March 13. But a landslide in the canal at Gold Hill, impeding traffic, has interfered with these arrangements, and the new boat will now be held in readiness for the President at the postponed ceremonies set for July next. The boat in question is forty feet over all, with a beam of eight feet six inches. She has seventeen-inch draught and a displacement of about 13,000 pounds. The engine is an eight-cylinder 150-horse power.

**WILSON'S COAST TRIP
STILL A POSSIBILITY.**

(BY A. P. NIGHT WIRE.)
WASHINGTON, March 4.—With Congress adjourned, President Wilson is expected to decide within a day or two whether he will go to the San Francisco exposition this month, as planned, or delay the trip until later. The tentative arrangements are for him to leave here about March 15, arriving in San Francisco about March 21.

Assistant Secretary Phillips of the State Department, who leaves for San Francisco tomorrow as a member of the United States Exposition Commission, talked with the President tonight about his plans. Representatives of foreign governments are expected at the exposition March 25 and a series of entertainments are to be held for them.

The general view in official circles tonight was that the President would postpone his trip to the exposition because of the international situation, but some officials still believed that he would sail as planned. At the White House it was said that no definite decision had been reached.

It was generally accepted tonight that the President will not follow out his arrangements for going to Panama in July to formally open the canal.

**BRITISH MINES DESTROYED
BY CARRANZA FACTION.**

(BY A. P. NIGHT WIRE.)
EL PASO (Tex.) March 4.—Two coal mines of British ownership, have been dynamited and destroyed by the troops of the Carranza faction, according to private and official Villa advices received at El Paso tonight. The destroyed property was located at Cloetes, State of Coahuila.

It was stated in the official advices that Villa troops had occupied Morelia, capital of Michoacan State, and were pursuing the Carranza faction vigorously.

A Carranza defeat at Valles, in San Luis Potosi State, in which nearly 5000 Carranza troops were driven back with heavy losses in men and equipment, was also reported. In this battle the line of fire extended more than twelve miles.

Refugees arriving here today from Monterey held by the Villa garrison under General Carranza, related that the city had been subjected recently to a daily bombardment by the Carranza artillery, with continual fighting in the outskirts.

The Villa commander, Gen. Manuel Chao, reported today that he was ready to make an aggressive movement against the Carranza faction.

Duval West, President Wilson's special envoy in Mexico, arrived yesterday at Guadalajara, Jalisco State, where Gen. Villa is located.

Blizzards and Floods.

(Continued from First Page.)
THE FALL AT LINCOLN.

(BY A. P. NIGHT WIRE.)
LINCOLN (Neb.) March 4.—The total snowfall for the winter here was fifty-one inches, according to the report of the local weather observer, after a heavy fall of snow throughout the night, which continued today. This breaks all official records for total snowfall for one season by five inches. The entire State is reported covered with a deep blanket.

**DEEP SNOWS
IN SOUTHWEST.**

(BY A. P. NIGHT WIRE.)
KANSAS CITY (Mo.) March 4.—Kansas and other portions of the Southwest are knee-deep in snow tonight. From all parts of Kansas, as well as from sections of Missouri, Nebraska, Oklahoma and Arkansas, reports of from four to seventeen inches of snow reached here.

In Texas, Louisiana and the southern portions of Arkansas and Oklahoma the rains are still falling. In Western Arkansas and Eastern Oklahoma flood conditions are threatening.

Heavy drifts throughout Kansas and Western Missouri were practically suspended tonight. Telegraphic and telephone communication was cut off. The snowfall is said to be heaviest through Central Kansas. According to the local weather observer, the snow will continue to fall until tomorrow.

A few doses of Chamberlain's Cough Remedy brings surprising results when a child shows symptoms of croup. (Advertisement.)

**ALLIES LONG RANGE GUNS
REACH CHICAGO WHEAT PIT.**

(BY CABLE AND DIRECT WIRE—EXCLUSIVE DISPATCH.)
LONDON, March 4.—Discussing the fall in London of flour prices, Mark Lane, the noted merchant, said yesterday:

"Every shot fired in the Dardanelles is a shot fired into the Chicago wheat pit. This is shown by the fact that during the Dardanelles operations wheat prices came down from \$1.63 1/2 per bushel to \$1.54, but it is questionable whether American speculators despite their efforts to keep prices up are worrying much, for by now they must have made their pile. The absurd rumor which has been officially denied, that the government made large purchases of Argentine wheat, had in my opinion its origin in Chicago."

**GREAT BRITAIN
IS SPHYNX-LIKE.**

Still Maintains Mystery
German Reprisals.

Holds Cargoes Without
Giving Adequate Reason.

Owners in America Express
Great Dissatisfaction.

Washington, March 4.—Operation of the New York State alien law was suspended today by the Supreme Court and writs of error were granted for a review of the decision of the State Court of Appeals, which held the law constitutional. It is contended the building of the New York subway would be delayed by the law.

The injunction was issued by the state court, and followed the granting by Justice Hughes of application for writs of error to review the decision of the New York Court of Appeals both in the suit of William J. Reim, a taxpayer, who sought to enjoin the Public Service Commission from enforcing the law against the employment of aliens on public works, and in the prosecution of Charles Kane by the people of the State of New York for violating the law by employing aliens on "public works."

The writ is sufficient to stay further proceedings in the criminal case. Attorneys representing contractor and taxpayers interested left Washington immediately for New York to urge a copy of the injunction of the Supreme Court.

A motion will be made possibly Monday that the court advance the hearing for early hearing. This hearing may be given by the State of New York to the appeal of the State of New York on her own alien labor law.

Attorneys representing contractor and taxpayers interested left Washington immediately for New York to urge a copy of the injunction of the Supreme Court.

Owners of the Vitalis's cargo specific guarantees that the food for Holland consumption, yet the is still being held.

Delays affecting the progress of American packers are declared to be so inexplicable that the European agents of the packers probably advise that shipments of meat to the United States are being delayed by the British blockade of the North Atlantic.

The packers, it is said, are everything within their power to get the Vitalis, conform to the British regulations, and before British protests, through the Hines Page, the American agent in London, to get the food to the United States, but without result.

Great Britain is known to be effecting to get Denmark to effect a guarantee that goods shipped to Germany will not be re-exported to Germany. The Danish law, such an organization, but it is likely that legislation will be enacted in Denmark to a desire of Great Britain to get Denmark to guarantee that goods shipped to Germany will not be re-exported to Germany.

Refugees arriving here today from Monterey held by the Villa garrison under General Carranza, related that the city had been subjected recently to a daily bombardment by the Carranza artillery, with continual fighting in the outskirts.

The Villa commander, Gen. Manuel Chao, reported today that he was ready to make an aggressive movement against the Carranza faction.

Duval West, President Wilson's special envoy in Mexico, arrived yesterday at Guadalajara, Jalisco State, where Gen. Villa is located.

**TWO AVIATORS
MADE PRISONERS.**

(BY ATLANTIC CABLE AND A. P.)
PARIS (via London) March 4.—The following statement was issued by the War Office tonight:

"In Belgium, in the region of Valenciennes, our artillery fire has been particularly effective and has been accompanied by a new trench in the vicinity of our line.

In Champagne we have continued to make progress. We have secured and widened our position notably to the northwest of Reims, and have taken about 100 prisoners.

"On the ridge to the northwest of the latter village the Germans have been repulsed. Prisoners have been taken by the two regiments of the French army."

"In the Argonne in the Fort de la Motte, a German attack was repulsed, as was also an attack at Verdun. A German airplane was shot down within our lines and two were taken prisoners."

**TELL HOW SHIPS
MAY DODGE MINES.**

(BY A. P. NIGHT WIRE.)
WASHINGTON, March 4.—Mentary information for American shipmasters sailing for Germany came to the State Department yesterday from Ambassador Gerard at Berlin in the form of a memorandum addressed to the naval attaché, Embassy by the German Admiralty.

The memorandum said: "The American cotton ships and Evelyn have, in the course of the last few days, come in with mines and been sunk when they were in the North Sea."

"It is suggested that the government of the United States and its allies should be informed that the ships are not only sunk but also the crews are being held as prisoners of war."

"The same ships were damaged by the German submarines and the crews were being held as prisoners of war."

Mother's need have no hesitation giving Chamberlain's Cough Remedy to the little ones. It is perfectly safe. (Advertisement.)

**TRY TO BURN
BRITISH HORSES.**

(BY A. P. NIGHT WIRE.)
KANSAS CITY, March 4.—The fire broke out almost simultaneously in a barn and mule barn here today, in which were 800 horses belonging to the British government. The horses were saved only by the quick action of the fire department in driving the animals loose into the streets.

The same barn were damaged by the German submarines and the crews were being held as prisoners of war."

**NEW YORK ALIEN
LAW SUSPENDED.**

U.S. Supreme Court Injunction Stops its Operation.

Arizona Appeals Decision of a Similar Enactment.

Protest of Foreign Nations May Invalidate It.

Washington, March 4.—Operation of the New York State alien law was suspended today by the Supreme Court and writs of error were granted for a review of the decision of the State Court of Appeals, which held the law constitutional. It is contended the building of the New York subway would be delayed by the law.

WANTON SLAYING OF THREE PERSONS IS NOW CONFESSED.

Sells, Seeking to Escape the Gallows, Tells Officers that He and Cox Killed the Vogels, and Sligh Murdered a Woman in San Francisco.

APPEALING to the detectives to use their influence to save his neck from the hangman's noose, Alfred Sells early this morning in the City Jail practically confessed three murders. They are the killing of Jacob Vogel and his wife in their Fruitvale home early last month, and the slaying of a woman on Eddy street, San Francisco, last fall.

The "master crook," who is looked upon by the police as the most desperate criminal ever apprehended in the West, implicates Charles E. Sligh, now in the County Jail, on the specific charge of robbery, in the murder of the San Francisco woman. "I told you if my neck had to stretch that Sligh would meet the same fate," Sells declared. "Sligh hit the woman on the head with a gas pipe when we went to rob her. She sank to the floor, instantly killed."

Sells' confession followed six hours of grilling yesterday afternoon and evening, and another hour after midnight. While he had been suspected of the Vogel tragedy from the time of his original confession, published exclusively in The Times last Sunday, his participation in a second murder came as a surprise.

Do you suppose that you could save my neck if I should tell you the truth about some of the crimes we committed up North?" said Sells to Detective Oakes. "I really have got a notion to confess to you."

The officer did not give a definite answer, but told him he would take the matter up with the Oakland and San Francisco authorities. Later a telegram was sent to Dist. Atty. Hynes of Oakland, explaining the situation, and this morning a like message will be sent to Dist. Atty. Fickert of San Francisco. If favorable answers are received from them assurance is given by Sells that he will make his confession complete in every detail, and the detectives believe he will tell of even more crimes.

Mr. Hynes wired that he would reply today. The operations of this gang have been very extensive. The confessions made to us by Sells up to this time have been so amazing that there is hardly anything else he could tell that would surprise us," said one of the detectives. "The chances are that Sells has committed so many atrocious crimes in the past ten years that he cannot remember all of them."

Sells was worked up to this morning's confession after an automobile trip yesterday afternoon to the harbor, where he was taken with Chief of Police Petersen of Oakland, who returned home on the steamer Yale. Detectives Raymond, King and Oakes were in the party and waited until the departure of the visiting officer before they renewed the grilling of the prisoner.

IDENTIFIED AGAIN. Sells was first taken to the home of Mrs. Rose Robb in Wilmington for identification in connection with the robbery at the Harlow home in this city last November. Mrs. Robb having been employed as a domestic by the Harlows, and having been held at the point of a gun when Sells, Sligh and Frank Morrow entered. The bandits kept her under guard until Messrs. Harlow, Harry Raymond and

THE SEA SHE PREFERS.

Girl, at Hour She is Supposed to Board Boat, Sets Sail on Matrimonial Voyage. A trip to the Orient went on the rocks yesterday when Miss Clair Johnston and Frank T. Price of Nelson & Price slipped out to the Church of the Angels and were married at 3:30 o'clock. It was at the same hour that the Yale, on which the eleventh-hour bride had reservations, was due to sail for San Francisco, where Miss Johnston, now Mrs. Price, had a ticket awaiting her for a trip to Japan on the steamer Tenyo Maru.

Instead, the young couple will spend some weeks at Arrowhead Hot Springs, take in the two expositions, go to Honolulu, and then settle down to home life. Mrs. Price is the daughter of Mr. and Mrs. Thomas L. Johnston, No. 2901 Francis avenue. DEATH REVEALS HUSBAND. Wife, who had not heard of him in Three Years, Learns of His Whereabouts. For the first time in three years, Mrs. Thomas Langley, in Detroit, learned the whereabouts of her husband, Thomas W. Langley, yesterday when she read an account of his death in this city. Mrs. Langley says, according to a dispatch, that he left her three years ago. He was killed by falling in front of a fast Pacific Electric train at Covina Junction Wednesday morning.

Mrs. E. Mack Morris, a sister of Langley in Detroit, declared she did not know Mrs. Langley. She said her brother had married when she was a schoolboy and referred to the alliance as an "unfortunate affair."

Mrs. Langley, who was Mary Kenefick before her marriage, has two children. She says she will communicate with the Los Angeles county authorities and attempt to claim the dead man's property.

CHARGES TAKEN TO GRAND JURY.

Exposition Commission to be Given an Inning.

Three Thousand Dollars Cut from Printing Bill.

Itemized Hotel Account is not in Evidence.

While the Southern California Panama Exposition's Commission was about to discuss charges of irregularities in a printing contract yesterday, the county grand jury was investigating the charges, which have been supported by a mass of literature, records of the commission and testimony of witnesses.

President Pridham of the commission was prepared to hold a hearing of the charges yesterday, but an urgent call to attend a meeting of the State Board of Control made it necessary for the commission to defer action.

The commission held a meeting at the Chamber of Commerce and it was the first one since its organization a few years ago when the press was admitted. President Pridham asserted that all future meetings will be open to the public.

The charge of irregularity in a printing contract is based upon the facts, as shown by the records, that

For Harmony.

SKIDS UNDER JUDGE TAFT.

He is Removed as Head of Juvenile Court.

One of Youngest Men on the Bench Successor.

He States His Platform in a Few Words.

Lack of harmony, blundering, and alleged inefficiency on the part of department managers in the Juvenile Court led to an order yesterday by the Superior Court judges appointing Judge Sidney N. Reeve to succeed Judge Taft as judge of the Juvenile Court, May 1. The order also calls for the consolidation of the work of the Lunacy Commission, now presided over by Judge Jackson, with the Juvenile Court.

A difficult task has been assigned to Judge Reeve, one of the youngest men on the Superior bench. The Juvenile Court department comes to him in a disorganized and unsettled condition. Both the probation department and Juvenile Hall are without official heads. The work of both divisions is hampered with adverse lines-up and factions resulting from the lack of a controlling hand.

The Probation Committee has lately been reorganized and has a new chairman. A suit is pending in the Court of Appeals, brought by Mrs. P. T. Anderson, assistant probation officer, summarily removed by Judge Taft without the authority of the Civil Service Commission, which adds to the uncertainty of the situation.

DOESN'T LIKE IT. Judge Taft did not yield gracefully to the order made by Presiding Judge Wood and signed by the other judges. The change coming at this time when public criticism of the work of the Juvenile Court is current and before an issue had been reached in the contest between Judge Taft and the Civil Service Commission, savors of a rebuke.

Judge Taft denied that a change would be made until he had been called into Judge Wood's chambers and shown the document with the long list of judges' signatures. Later he refused to express his thoughts on the change.

The nature of the instructions to Judge Reeve by his associates is unknown, but it is understood that a new broom has been placed in his hands and that he has been given the

(Continued on Second Page.)

TWENTY-EIGHT OVERLAND TRAINS HERE IN ONE DAY.

EXPOSITION traffic is with us. Bringing nearly 5000 persons, twenty-eight overland trains arrived here yesterday in perhaps the greatest access of passenger traffic that this city ever saw. From Chicago, Omaha and New Orleans limited trains in doubled, trebled and quadrupled sections arrived here during the day, with eight sections of the California Limited as the feature. Travel today will be nearly as heavy, with the California Limited running in five sections, the Golden State Limited in three, and all other limited trains in two sections each.

Between 2:40 and 6 o'clock yesterday afternoon the population of a mid-sized town, more than 1000 persons, alighted from sections of the California Limited at the Santa Fe station. It is believed that the running of the train in eight sections establishes a new transcontinental record.

"A fine, prosperous-looking aggregation of people," said Secretary Wiggin of the Chamber of Commerce, who was one of the official welcome.

They are just the people we want to stay. With ten limited trains due in over the three railroads in four hours yesterday afternoon, the Chamber of Commerce's special welcoming party had all it could do. With a high-powered automobile as the means of transportation, it managed, however, to make successive flights from the Southern Pacific to the Santa Fe and back again and then over to the Salt Lake station in time to keep up with the trains, which were shuttling into town, around 3 o'clock, at the rate of about one every five minutes.

It was also a strenuous day for the drivers of hotel omnibuses, though their ranks had been perceptibly inflated in honor of the banner crop of tourists.

Because of the unusual traffic and the prospect of steady increases from now on until the expositions close their doors, General Passenger Agent Batters of the Southern Pacific announced yesterday that the Coast will hereafter be run daily in two sections.

The arrivals yesterday were the first fruits of the low exposition-year rates. These went into effect last Monday in the East.

George C. Melrose (left) and his attorney, John Richardson, who will defend him on two charges of falsifying public records and embezzling public funds to large amounts. His arrest was dramatic in the extreme. He is recorder at Tropico and was for many years township justice at Burbank.

showed a disposition to "warm up" to them. The silliness that had marked his interview with Chief Petersen vanished, and it became apparent that he was preparing to talk more about his criminal exploits.

On the return trip to the City Jail Sells several times started to talk about the Fruitvale murders, but each time stopped before mentioning names. He finally decided to make a clean breast of the whole affair and after inviting the detectives to accompany him to his cell told the story.

Sells told the officers yesterday morning that Cox knows more about the Vogel tragedy than he has told and last night added that the trained nurse was with him at the time of the killing.

NOT SURE OF DATE. A telegram from San Francisco early this morning stated that there is no police record of the slaying of a woman on Eddy street during last September or October, but this is not considered as a refutation of Sells' confession, because he told the detectives he is not sure of the date and it is believed that he might have withheld the name of the woman and the address at which she was murdered because of the possibility of the authorities refusing to grant clemency.

Sligh was taken to the County Jail yesterday morning upon the request of his attorney, who is planning to defend his client to the last ditch. James Donovan, former State's Attorney of Anaconda, Mont., has not been apprised of Sligh's connection with the San Francisco murder, which will place a different complexion on the case.

Detectives Raymond and Miller, the latter of the Market & Miller agency, said last night that yesterday's developments in the investigation drew their attention from the Pacific, and will ask Dist. Atty. Woolwine to issue a complaint against Sells and Sligh, charging them with this crime. Miller and Raymond are the men who directly about the capture of the notorious national desperadoes.

LOSES HIS LEG. While endeavoring to board the front end of a rear car on Pacific Electric two-car Florence train last night, J. J. Conners was thrown and a wheel passed over his left foot, severing it. He was rushed to the Crocker-street Hospital in a serious condition. The accident occurred at Watts. Conners lives in Marysville. The train was in charge of Conductor Bowlin.

TAKEN, OLD JUSTICE WOULD KILL AND DIE.

Accused of Falsifying Public Records and Embezzling Large Sums in Fines Collected, Tropico Recorder is Saved from Murder and Suicide by Son Having Drawn His Cartridges—Citizens Support Him.

TWO years ago George C. Melrose, 68 years of age, and justice of the peace of Burbank, started for Los Angeles on a Glendale car to purchase some wire netting for his chicken yard. A young man in a checked suit opened a conversation with the gray-haired justice. In town the smooth talker in the checked suit led him to a luxuriously furnished suite on the seventh floor of a tall Broadway building. The justice forgot all about the chicken wire. When he awoke in the morning he was still on the seventh floor and he was \$200 shy. Since the first chance meeting with the young man in the checked suit, the aged justice, who was a deacon in his church at Tropico, gambled away nearly \$20,000 on that same seventh floor. His property, home and all were lost there. The State also claims he gambled with public funds.

Yesterday he tried to kill himself and attempted to kill Detective Joe Margolis when he was arrested on indictments charging him with embezzling funds and falsifying public records. He was lodged in the County Jail in default of \$2500 bail, which was furnished last evening by friends who led an ovation to him as he was released.

DRAMATIC ARREST. Only the foresight of the son prevented a murder and suicide. Noticing that his father was despondent, and fearing that he might attempt suicide, the son removed most of the powder from the revolver cartridges several days ago.

When Detective Margolis went to Tropico to arrest the ex-mayor and present City Recorder of Tropico, the old man was in a wooded shed behind the house. Margolis flashed his

Surprise Your Guests

Just as your friends are going in to dinner, slip back and start your Solo-Apollo Automatic Player-Piano.

The music that results will make them vow that they are listening to the manual playing of a master pianist. Expression, technique, shading, brilliancy—all of the things that make piano music worth listening to are here. And—when the end of the roll is reached the Apollo stops itself—requires no farther attention.

You can have in your home a Solo Apollo which may be played by hand as a regular piano—or by pedaling as a regular Solo Apollo or by electricity as a completely self-operated instrument.

We are always glad to demonstrate the Apollo. Convenient Terms Arranged. Your Used Piano Accepted in Part Payment. Catalogue Mailed on Request.

GUNMAN TRIES HARD TO KILL.

Had his Revolver, Razor and Nitroglycerine.

Makes Desperate Attack on Four Detectives.

Wanted in Indiana on the Charge of Murder.

After a spirited fight in which he tried to use a razor, revolver and nitroglycerine, Frank Toricelli, known as "the merchant" anarchist leader, was overpowered and arrested by four police detectives yesterday morning at No. 4189 Anson avenue, near Linton, Ind., where he is wanted to answer to the charge of slaying a policeman on the night of February 7, last.

The telegram from the Indiana city which gave the Italian's local address warned the arresting officers to be cautious. The message said he was a gunman and would "shoot on sight." The warning was fully justified by his actions.

When the detectives entered the house on Anson avenue Toricelli was in the act of lighting a cigarette.

tion of Mr. Weinstein and Elsie Adler. Following is the complete program: Overture, Majestic Theater orchestra; singing by chorus of 400 children; formal opening of meeting and introduction of chairman by Marco R. Newman; Hon. Nathan Straus, chairman; song, "I Love You, California," Mrs. John Hadenfeldt Woodbury; address, "A Plea for World Peace," Dr. Sigmund Hecht; vocal selection, "Zion's Song" (Yiddish), Mrs. J. Weinstein; address, "Palestine, the Hope of the Jew," Isidore Meyers; vocal solo, "On the Waters of Babylon," Cantor J. Weinstein; "The Duty of the American Jew in this World's Crisis," Col. George N. Black; "Kol Nidrah," by Prof. A. Lowinsky and orchestra; address, "America's Opportunity," R. F. Mills; and closing remarks, Hon. Nathan Straus, text, "On the Waters of the Babylon; text, "Hattikvah."

Relief Committee Meets at Alexandria and Plans for Further Efforts to Aid War Sufferers.

About 150 persons attended the meeting at the Alexandria Hotel last night of the Polish American Relief Committee, which is organized to aid the Polish sufferers in the war zone. The committee, presided and gave an address, setting forth the urgent need of relief work for the Polish sufferers in the war zone.

A letter was received from Bishop Conaty, enclosing a check for \$100 and expressing deep sympathy with the movement on the part of the Roman Catholic Church. A letter was also received from Gen. Harrison Gray Otis, in which his sympathy was expressed for the work being undertaken.

The committee decided to hold a concert in the near future for the purpose of further increasing the funds for the Polish sufferers. Several prominent musicians have offered their services for such an affair.

The next meeting of the committee will be held Wednesday evening at 8 o'clock in room 203, Bryson building, headquarters of the committee.

MANY VISITORS TO BE AT DINNER.

Many out-of-town bankers will attend the elaborate annual dinner to be given by the Clearinghouse Association of Pasadena tonight at the Hotel Huntington. Covers will be laid for sixty guests in the ballroom, which is to be decorated in an exceedingly attractive fashion.

Tables will form a square, on the outside of which the guests will be seated, while in the center will be a beautiful miniature sunken garden. All speeches will be informal. Among others who will be called on are George M. Reynolds, president of the Continental and Commercial Bank of Chicago; Ex-vice-president Fairbanks, William Molsons, MacPherson, president of Molsons Bank, Quebec, Can., which operates a string of branch institutions in the Dominion; Alexander Laird, president of the Canadian Bank of Commerce at Toronto; George H. Russell, president of the People's State Bank at Detroit; and C. Kalis, governor of the Federal Reserve Bank at San Francisco.

The dinner will also be attended by the Executive Committee of the Los Angeles clearinghouse—J. E. Fishburn, J. F. Sartori, W. H. Holliday, and J. A. Graves. J. M. Elliott will attend in place of Stoddard Jess, the fifth member of the committee, who is out of town.

The guests will assemble at 7 o'clock. The meeting will be presided over by William H. Vedder, C. J. Hall, vice-president of the Union Trust and Savings Bank of Pasadena, has been in charge of the general arrangements. Nearly all the Pasadena bankers have actively joined in making the affair a success.

KICKED IN THE FACE

OCEAN PARK, March 4.—Striking out with a straight punch with his hoof, a horse today inflicted a peculiar wound on the face of Ernest A. Viweger, a laundry driver of this city. The man was taking the horse to the watering trough when one of the animals suddenly balked and then started the one-sided combat. Viweger, when hit, dropped to the ground unconscious and was rescued by fellow-workmen. A doctor was called and found that Viweger's nose had been fractured, besides several veins had been broken and his face badly lacerated.

Taken to Grand Jury.

(Continued from First Page.)

20 shall be given to the public with or without wrappers. It was announced that Mrs. R. L. Craig had been appointed on the Woman's Auxiliary from Los Angeles county to succeed Mrs. Florence Collins Porter, resigned.

The commission will give a banquet at the Cristobal Cafe at the San Diego exposition on March 19, to the exposition officials and members of the Board of Supervisors of the seven southern counties. On the following day the commission will hold its next meeting. At the same time it is expected that there will be 10,000 persons at the exposition, owing to the fact that it is to be San Diego day, orange day, back-country day and farmers' day, with several other celebrations as well.

The Riverside county day at the San Diego exposition was changed from April 3 to March 27.

Maj. Fred R. Reed, commissioner for special counties day at the San Francisco exposition, appeared before the commission and offered to cooperate in the celebration of Southern California week at the fair, beginning April 15. Los Angeles day will be on April 15, and the other county days will follow consecutively. A program of entertainment is now being arranged with the co-operation of Maj. Reed.

Maj. Reed will visit other Southern California cities to arrange details for the celebration.

INCREASE OF GAS RATES.

(LOCAL CORRESPONDENCE.)

FULLERTON, March 4.—There has been some talk of the Southern Counties Gas Company increasing its rates in Orange county cities. The City Trustees of Fullerton have gone on record as being opposed to any increase here. The \$26,000 bond issue for improving the Brea road north to the city limits has been sold to E. H. Rollins & Co. of Los Angeles at a premium of \$2790. The bonds bear 6 per cent interest. Four other bids were received. A petition was filed asking the city to do the work by day labor, but as a plant cannot be leased for less than \$2500 a month the work will probably be let to the lowest bidder.

A Special Purchase of Good Silk Petticoats \$2.95 Worth Up to \$5.00, at

The name of the manufacturer of these handsome petticoats is known to every woman who ever bought such articles; going, now, out of business, we were privileged to

buy a big assortment at away under the regular prices — and you derive the benefit just when petticoats are again essential to good gowning:

Best Materials

—are in these garments; messaline and taffetas in a wide variety of colors; beautifully flounced, beautifully finished in every way; and regular values up to and including five dollars, offered as a special sale inducement, at just \$2.95.

(Petticoats; Second Floor)

Embroidery Edges and Insertions 5c

Every woman will want a quantity of these really very good embroideries, at such a low price as Fridays:

Embroidery edges and insertions, widths 3/4 to 2 inches, of splendid quality and dainty patterns; regularly 7c to 25c a yd., special, yard, 5c.

(Embroideries; Main Floor)

Lily of France Corsets For Discriminating Women

Probably no woman from the time of the cave lady has ever undervalued good looks. But the woman of today knows more about getting effects than she did in the old cave days.

That is no doubt one of the reasons why most women insist upon a Lily of France corset when they want the best.

We sell the various models at \$5 to \$15, assuring an absolutely perfect fitting.

Discontinued Models—of Lily of France, Parrine and Redfern Corsets, values up to \$5, now on special sale at \$3.50.

(Corsets; Second Floor)

Fashion Approves Pompadour Silks in Quaint Dolly Varden Designs

Softest, most lustrous, daintiest silks you ever saw, for dancing frocks—the patterns go back to 1830 style, and are woven into rich crepes de chine, taffetas and satins, in delicate pastel shades, and the more staple darker colors, for street dresses, as well.

Lace Draped Veils, \$1.75

You do not need to be told that they are fashionable — you will be glad to know how cheaply we can offer them—for many of these are worth up to \$3.50 each!

Chantilly designs; some finished with velvet ribbons, and picot edging; bordered

effects; in white, black-and-white, brown, new blue, black, Belgian blue, purple, sand and navy; all \$1.75.

(Veilings; Main Floor)

Suits at \$22.50 Compare With Many at \$25 & \$27.50; Choicest Spring Models

It really takes more knowledge of qualities to buy inexpensive garments well, than it does to buy the finer sorts; and the more you know about qualities, the more you will appreciate what values we have assembled for you in tailored suits at \$22.50:

Popular Styles

—and materials—tailored and belted models, some of them very dressy in character, others more severe; in gabardines of sand, navy and Belgian blue; in navy serges; in brown mixtures and in checks of black and white and brown and blue.

—We think you will agree that these garments are the equals in every way of those that ordinarily sell for \$25 and \$27.50.

(Suits; Second Floor)

Coulter's — 215-229 South Broadway — 224-228 South Hill Street — Coulter's

Naturally (since they are shown at Coulter's,) the patterns are exclusive, and the qualities dependable.

35-inch Satin Pompadours, \$1.75.

35-inch Louise Pompadours (Jacquard designs,) \$2.50.

35-inch Satin de Luxe Pompadours, \$2.00.

40-inch Crepe Pompadours, \$2.00.

35-inch Chiffon Taffeta Pompadours, \$2 and \$2.50.

40-inch Pussy Willow Pompadours, \$2.

35-inch Chiffon Taffeta Bayadere, \$2.50.

—All of these in light colorings; and we have plain silks to match, so that you may make up any combination that suits your fancy.

(Silks; Broadway Annex)

Girls' Lingerie Dresses

The prettiest styles in lingerie and wash dresses — voiles, batistes and lawns, daintily trimmed and combined with laces. Some of the newest styles are ruffled, and some very pretty ones show the high waist line with Bolero effect, so becoming to little girls; sizes two to six years, \$2 to \$11.

(Girls' Wear; Second Floor)

VISITS COAST FOR CLIMATE.

Mark Hanna's Daughter Devises Capital for Pasadena.

Hundreds of Tourists Come from Cold Country.

Cauldron Club Concert Gives Society a Treat.

PASADENA, March 3.—Mrs. H. O. Parsons of Cleveland, the daughter of the late Mark Hanna, is here and with her husband, a retired coal dealer, will spend March and part of April at the Hotel Maryland.

Before her marriage, Mrs. Parsons, who was Miss Mabel Hanna, passed a great deal of her time in Washington, having been there successive winters in the capital, where she was quite a well known figure.

Mr. and Mrs. Parsons are here to enjoy the climate, and to go enjoying the climate, taking long motor rides over the great highways around Pasadena. They have a magnificent home in Cleveland, where they entertain a great deal. Both Mr. and Mrs. Parsons are enthusiastic about all kinds of outdoor sports, and Mrs. Parsons, who is especially fond of boating, likes to row her own boat. At South St. Marie, they have a cottage and a hand-sawed boat, the Mahala II, on which they entertain large parties all during the summer.

Much of Mrs. Parsons' time here is spent on the golf links and while Mrs. Parsons plays well, she prefers other kinds of sports, and every morning takes a long hike in company with a number of prominent women who are enjoying the physical culture from a physical director. Mrs. Parsons tells some funny stories about her first lessons here in physical culture.

FOURTEEN POUR IN.
The first of the crowds which are being attracted to the low railroad tracks because of the expositions, arrived here yesterday in seven Santa Fe trains. Several hundred were included. Between 11:45 a.m. and 1:15 p.m. four special trains came in from Chicago, and the California Limited arrived in two sections at 2:05 p.m. and 2:15 p.m.

The four specials, which were extra sections of the limited, were made up of a buffet dining car and five and six coaches. The dining cars were decorated with flowers and bunting, and the coaches were decorated with bunting. The trains were met by a large number of people, and the coaches were filled with passengers. The trains arrived at the station at 11:45 a.m. and 1:15 p.m. and 2:05 p.m. and 2:15 p.m.

CAULDRON CONCERT.
The appearance of Mrs. Madeline Barnes Childs, wife of Dr. Antoine Depage, surgeon-general of the Belgian army, will arrive in Pasadena next week. Thursday morning the United States reception will be given at the Valley Hunt Club, and patronesses among the most exclusive social circles in Pasadena, Los Angeles and other cities have been named. Mrs. Childs, who since her marriage has become well known in the musical world as a violinist of rare talent, will give a concert at the Valley Hunt Club, and patronesses among the most exclusive social circles in Pasadena, Los Angeles and other cities have been named. Mrs. Childs, who since her marriage has become well known in the musical world as a violinist of rare talent, will give a concert at the Valley Hunt Club, and patronesses among the most exclusive social circles in Pasadena, Los Angeles and other cities have been named.

PETITIONS OUT FOR CANDIDATES.

RECALL ELECTION TO BE HELD IN REDONDO BEACH FOR CITY TRUSTEES.

[LOCAL CORRESPONDENCE.]
REDONDO BEACH, March 4.—The political fight centering about the recall aimed at Trustees VIII J. Hess, O. N. Tolman and E. T. Thompson assumed definite shape when nominating petitions for three recall candidates began circulation.

The candidates thus far have either thrust their hats into the ring, or have them thrown in, are George M. Craig, James L. Richardson and Edwin H. Miller. Two candidates, Mr. Craig and Mr. Miller, are prominent members of the G.A.R. Mr. Craig was formerly a member of the Iowa State Senate. Mr. Richardson is a market owner here. Mr. Miller is owner of the Coney Corner Cafe and was formerly auditor for San Diego county and was a candidate at the last municipal election for City Trustee. Several other aspirants for places on the board are expected to declare themselves soon.

The election will be held between April 17 and 19, the exact date not having been set yet. The recall was started ten months ago. The petitions have been in the courts since until last week when the Appellate Court handed down a decision ordering the Board of Trustees to call the election.

The petitions were first held up by City Clerk W. A. Anderson and City Attorney Frank L. Perry contended that the names on the petition were not sufficient. Judge J. W. of the Superior Court ruled that they were sufficient and issued a writ ordering the City Clerk to certify to the petitions.

An appeal was taken to the Appellate Court on the grounds that the recall law is unconstitutional and ambiguous. The appeal failed.

LAY THE CORNER OF HIGH SCHOOL.

THOUSANDS ATTEND CEREMONY AT SAN BERNARDINO. NOTABLES SPEAK.

[LOCAL CORRESPONDENCE.]
SAN BERNARDINO, March 4.—With appropriate ceremonies attended by several thousand persons, the cornerstone for the magnificent new \$250,000 high school group on North E street was laid in cement with the half-erected walls of five buildings in place. The ceremony was presided over by Mayor Edward G. Carey, and Judge J. A. Rennie delivered the address.

After the assembled citizens had witnessed the dedication, Abbot Kinney, who is touring Southern California on a motorcycle, was thrown 100 feet when his motorcycle collided with a Redondo Beach-Gardena Pacific Electric car near Watts, he was able an hour later to lift his machine onto a car bound for Los Angeles.

According to the account given by Mr. Fox when he was brought to the Redondo Beach Hospital by the car crew, he was on his way to San Pedro to ship his motorcycle to Eugene, Or., his home town. He tried to cross the car tracks, coming from behind some trees, and being unable to see the car until he was within a few feet of it.

Both the car and Mr. Fox were going at a high rate of speed when the crash came. Fox was thrown into the air, the rear stop of the car was smashed, and the motorcycle was hurled 100 feet away. The motorcycle stopped the car and the conductor rushed to Mr. Fox, thinking the man dead. Instead, Mr. Fox got up in a fit of anger and swore, insisting that he was not hurt.

Dedicating Mildred Park at Venice. Abbot Kinney presenting Miss Mildred Wood of Toronto with flowers after she set the palm tree in the smallest municipal park in the country.

MILDRED PARK IS DEDICATED. TOSSED HUNDRED FEET BY A CAR.

VENICE OFFICIALS CONDUCT CEREMONY WHICH PUTS PLOT ON MAP.

[LOCAL CORRESPONDENCE.]
VENICE, March 4.—Scattering blue glass seed and planting a California palm tree on what is asserted to be the smallest park in any United States municipality, Miss Mildred Wood of Toronto this afternoon dedicated the new park. It will be known as Mildred Park and will be beautified in true Venetian style.

While the Canadian girl was digging the hole in which to plant the little palm tree, the Venice band played "I Love You, California." The ceremony was presided over by Mayor Edward G. Carey, and Judge J. A. Rennie delivered the address.

After the assembled citizens had witnessed the dedication, Abbot Kinney, who is touring Southern California on a motorcycle, was thrown 100 feet when his motorcycle collided with a Redondo Beach-Gardena Pacific Electric car near Watts, he was able an hour later to lift his machine onto a car bound for Los Angeles.

According to the account given by Mr. Fox when he was brought to the Redondo Beach Hospital by the car crew, he was on his way to San Pedro to ship his motorcycle to Eugene, Or., his home town. He tried to cross the car tracks, coming from behind some trees, and being unable to see the car until he was within a few feet of it.

Both the car and Mr. Fox were going at a high rate of speed when the crash came. Fox was thrown into the air, the rear stop of the car was smashed, and the motorcycle was hurled 100 feet away. The motorcycle stopped the car and the conductor rushed to Mr. Fox, thinking the man dead. Instead, Mr. Fox got up in a fit of anger and swore, insisting that he was not hurt.

He was taken on board the car and to Redondo Beach, where investigation disclosed that he only received a scalp wound and abrasions on the legs and hands. On the way back to Los Angeles the car was stopped and the motorcycle parts taken on board Mr. Fox, with a few bandages on his hands and head, directed and helped in the moving of his machine.

ORANGE GROWER DIES.
[LOCAL CORRESPONDENCE.]
AZUSA, March 4.—As the result of an illness lasting only a few hours Benjamin C. Robertson, one of the oldest and most prominent of the orchardists and orange growers in this section of the country, passed away at his home on San Gabriel avenue at a late hour last night. For about six months his health had not been of the best, but his condition was not considered serious until a short time before he was stricken. He was 74 years of age and leaves a daughter, Mrs. Belle Robertson, and two sons, Mory L. Robertson of Long Beach and Ernest Robertson of Los Angeles. Funeral arrangements have not been completed.

MAKE SPECIAL COFFIN.
[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]
CALEXICO, March 4.—Delayed a day through necessity of constructing a special coffin, the interment of Mrs. Anna King, 62, who weighed 400 pounds, was made today at Englewood cemetery, El Centro. She died on her husband's ranch four miles west of here Monday from pneumonia. The sexton excavated the largest hole and had extra help to assist him in lowering the coffin.

CATARH GERMS EASILY KILLED

ONLY WAY TO CURE THIS DISEASE IS TO DESTROY ITS CAUSE.

By a Specialist.
If you have catarrh and want to get rid of it you must kill the germs which cause catarrh. Stomach trouble, indigestion, nervousness, dizziness, etc., fall because they are caused by the same germs. Temporary relief but they do not reach the germs, which has festered in your system, nose, throat and lungs, and not destroy it if they did.

ASK ENGINEERS TO GIVE ADVICE.

Tides and Breakers too Much for Long Beach.

Government is Looked to for First Aid.

Slander Trial Continued to Serve Subpoenas.

[LOCAL CORRESPONDENCE.]
LONG BEACH, March 4.—Expecting Federal aid later in the work of protecting the beach front, the people of Long Beach today asked the United States government for engineering advice regarding the control of the tides and breakers. This action was taken at a meeting of the Chamber of Commerce.

Henry P. Barbour, chairman of the Beach Conservation Committee, reported the work of rebuilding the beach walk and wall on the east side was progressing satisfactorily. He stated that experimental groynes were being built and were already proving their worth as beach builders. He indicated that if they should prove entirely successful an appropriation would be asked of the city to further prosecute the work.

PERMANENT SOLUTION.
The directors were, however, united on the call for advice regarding beach protection from the United States Engineers. While the local people work out their own salvation in the city from food waters for a temporary solution of the problem.

After this weighty matter was off their hands the directors of the chamber turned to the problem of protecting the harbor and northern portion of the city from food waters for a temporary solution of the problem. Data regarding the deposit of silt in the harbor will be gathered and sent to the board in the hope that they will change their attitude.

BEACH BRIEFS.
Still unfinished because of lengthy arguments presented by the defendant's counsel and the City Attorney, the trial of Charles Hamilton, charged with slandering city officials and other citizens, was continued this afternoon until tomorrow morning. Attorney George Spicer, for Hamilton, subpoenaed many city officials in an effort to prove what Hamilton said. The city purchase of land on Ocean avenue was true and not slanderous.

Samuel C. Stanley uttered a premonition yesterday that his end was near. Last night he dropped dead in his yard at No. 1234 East Seventh street of heart trouble. He was a native of Cherokee county, Alaska, having come here seven years ago.

DIES AT ALHAMBRA.

[LOCAL CORRESPONDENCE.]
ALHAMBRA, March 4.—After an illness of over six months, Nathan Linton, one of the best known residents of the city, passed away at his home on North Second street yesterday at the age of 82 years. Mr. Linton was born in Ohio and was a tenant in the Civil War, serving in Co. B of the Fifty-seventh Illinois Volunteer Infantry, later becoming quartermaster of the regiment. He came to Alhambra from Idaho about eight years ago. Mr. Linton leaves a widow, a son, James H. Linton of Seattle, and a daughter, Mrs. Frank Vall, wife of Senator Vall of South Dakota, to mourn his death. Funeral services will be held at the family home tomorrow afternoon in charge of Rev. H. T. Chisholm, and the interment, which will be private, will be made at Rosedale cemetery, Los Angeles.

What really happened at Long? For the answer, see the story on page 1. The story is a true story, and it is one of the most interesting stories of the year. It is a story of a man who was killed by a car, and it is a story of a man who was killed by a car.

Record time in clearing up an estate running into the millions has just

CONDITION STILL REMAINS CRITICAL.

ONTARIO'S CHAMBER OF COMMERCE HEAD IS IN BAD SHAPE IN HOSPITAL.

[LOCAL CORRESPONDENCE.]
ONTARIO, March 4.—Glenn D. Smith, president of the Chamber of Commerce, is still in a critical condition from an accident by which his automobile was run down by an electric car at P street and Euclid avenue Wednesday, in what was perhaps the most peculiar accident ever to occur in this city.

When the trolley car struck the automobile the latter was thrown on its side and shoved along a distance of several yards, the street car finally climbing right up on top of the auto, and save for the fact that the body of the motor was strong enough to hold up the tremendous weight of the trolley car, both Mr. Smith and Miss Grace Smith, daughter of J. C. Smith, who accompanied him, would surely have been crushed to death instantly. Miss Smith, although badly shocked, escaped with nothing more severe than scratches and bruises. Mr. Smith was extricated from the wreckage by Mrs. Caroline Vermilye, a trained nurse and the first to reach the accident, and B. F. May and William Rayner.

Santa Barbara.

FALLS A VICTIM TO THE YAQUIS.

SANTA BARBARA BOOK-KEEPER IS SLAIN IN MEXICO.

Wrong Name at First Reported to Authorities—Victims of Auto Accident Expected to Recover—Record Time in Administering Estate Running into Several Millions.

[LOCAL CORRESPONDENCE.]
SANTA BARBARA, March 4.—Eugene Camera, of this city, brother of Mrs. Lena Fizer, book-keeper at the First National Bank, has fallen victim to the hatred of Yaqui Indians in Mexico, according to a dispatch received today by the family from the Southern Pacific officials at Guaymas. The family has appealed to the State Department to aid in recovering the body and for a thorough investigation.

A few days ago Admiral Howard of the Pacific fleet at San Diego received a wireless from the gunboat Annapolis at Guaymas stating that "Jean Cameron" had been killed by Yaqui Indians. At the time the family or friends did not connect the name with that of the local man. The city is aroused over the killing, as the Mexican disorders have cost the lives of a number of prominent Santa Barbara people. Camera was a host of friends here, where he was known as a young man who possessed an unusual faculty for making strong friendships. Therefore it is not believed that his death could have resulted from any hostile or unfriendly act toward the Yaqui Indians on his part.

WILL RECOVER.

Mr. and Mrs. A. L. Smith, who were injured last night when their automobile, a big Cadillac, crashed into a culvert on the State Highway at Rincon, will recover. That their escape from instant death was a miracle is the verdict of passengers on a Southern Pacific train who saw the accident.

They were racing with the train. Smith had been to Los Angeles after a new high-power Cadillac, and finding himself on the paved highway with a train abreast, he thought it a good opportunity to test the running power of the machine. It is said he was making forty-five or fifty miles an hour at the time. Mrs. Smith's skull was crushed and she sustained internal injuries. Smith suffered concussion of the brain and a badly wrenched back. The machine was a total wreck.

ESTATE ADMINISTERED.
Record time in clearing up an estate running into the millions has just

been made in the Charles H. Hopkins estate, appraised at \$2,713,753. Hopkins died in San Francisco, November 11, 1913. Today the final account was filed by Mary Isabel Hopkins, the widow, and Richard M. Anthony of New York.

Since the appointment as executor on December 8, 1913, the receipts of the estate have been \$428,828.51, the largest single item being dividends on Singer Sewing Machine stock, amounting to \$112,000. The executor and his attorney, Frank P. Deering of San Francisco, each receive a fee of \$15,000 from the estate.

INJURED IN COLLISION.

Angeleno Runs into Auto Near Wilmington and a Chauffeur is Knocked Down by Car.

[LOCAL CORRESPONDENCE.]
LOS ANGELES HARBOR, March 4.—Bert Weller, living at No. 740 West Seventh street, Los Angeles, was injured in an automobile collision at the junction of the Los Angeles and Redondo boulevards north of Wilmington today.

Weller was coming from Redondo Beach and ran into a machine driven by Henry Leimbach of Lomita. He had a severe gash cut over his left eye and was unconscious for nearly half an hour. Both machines were badly damaged. Weller was taken to his home at Los Angeles.

A chauffeur named Miller, who drives a city automobile for City Engineer Hamilton, tried to start the machine this morning at Sixth and Palms Verdes streets, San Pedro, with the clutch in gear.

The machine started and knocked him down. Then it ran into another automobile and smashed the lamp before it could be stopped. Miller was not injured.

AUTO TURNS TURTLE.
One Man Seriously Injured Near Venice and Another Escapes with Few Bruises.

[LOCAL CORRESPONDENCE.]
VENICE, March 4.—Lunging off the roadway while coming into this city this evening, two men were near death when their car turned turtle in the ditch by the roadside. William Graham and De Barth Scovel, both of Alhambra, were the unlucky motorists, but only one of them was badly injured.

Graham was thrown under their machine when it tipped over, and he was severely injured, suffering bad cuts about the head and shoulders. The doctor who attended the men at the Receiving Hospital found that Graham is suffering from possible internal injuries. Graham's left ear was nearly cut off.

The accident happened at the famous "death curve," where so many wrecks have occurred in the past. After treatment in the hospital both motorists were able to be returned to their homes in Alhambra. The little car was almost completely wrecked.

Resinol

certainly does heal eczema

In our file of reports, covering a period of twenty years, literally thousands of physicians tell how successful the Resinol treatment is for eczema and similar skin troubles. The first use of Resinol Ointment and Resinol Soap usually stops the itching and burning, and they soon clear away all trace of the eruption. No other treatment for the skin now before the public can show such a record of professional approval.

Sold by all druggists. For full facts, write to Dept. 10-5, Resinol, Baltimore, Md.

JITBUS LAW IS OVER THE VETO.

COUNCIL OVERRIDES MAYOR ON ORDINANCE.

Wheeler Says Message was Like that of "Overgrown Boy," and Mr. Rose Comes Back—Whiffen Defies Industry to Invoke Referendum, as per Threat.

Passing the jitney bus ordinance over the veto of Mayor Rose, with-out a sustaining vote, the City Council yesterday threw down the gauntlet to the Auto Bus Operators' Association, which has threatened to invoke the referendum and initiate an ordinance more agreeable to the jitney industry.

Mayor Rose was characterized as an "overgrown boy" by Councilman Wheeler for his suggestions that the indemnity bond be \$5,000 instead of \$10,000; that passengers be not allowed to ride on running boards; that the jitney be taken from the congestion on Main, Broadway and Spring streets in the downtown district, and that a special commission be created to supervise the traffic.

"With all due respect to the Mayor," said Councilman Wheeler, "you would not think that a full-grown man had written that veto message."

Councilman Roberts gave no specific reason for not liking the Mayor's veto, but urged that it be overridden. Councilman Snowden said that to bar the jitney bus from the three big downtown streets would mean that there would have to go out of business entirely.

Councilman Conwell said that some of the Mayor's suggestions are valuable and should be included in the ordinance, which he regarded as only the first step toward regulation, anyway.

President Whiffen came right back at the jitney bus operators, who threatened to invoke the referendum, when he said that if they take that action there will be an even more drastic ordinance passed, and made to stand as law.

"Some of the remarks made in the Council about me were purile," said Mayor Rose after the session. "Councilman Wheeler talked like a school-boy. I don't care to have any controversy with members of the Council. I vetoed the ordinance in good faith, and I feel sure that the suggestions I made are worthy of serious consideration than were given them in Mr. Wheeler's remarks. The blame may be placed where it belongs if the Council has seen fit to ignore the suggestions I made."

WARNING ISSUED.

AGAINST NEEDLESS WORK.

The Board of Public Utilities yesterday issued a warning to property owners on streets on which no improvements are contemplated, not installing water services in accordance with notices being mailed by the Annex City Water Company. The board rebuked the company for sending notices to all property owners, whether improvements were contemplated or not.

"We believe that it is proper to call attention of property holders on streets about to be paved to the desirability of installing services in advance of such paving," runs the warning letter, "but we do not look favorably upon your plan of sending these notices to every consumer within the city limits, whether or not improvements are contemplated. It is the duty of the city to install water services at this time."

The board has called the attention of the company to this practice and was assured that notices were being mailed only to those property holders on streets where work was contemplated. So many complaints were received from holders of property on streets not intended to be paved that the warning notice was issued.

Property Owners Economize.

Property owners in the vicinity of Nob Hill in the harbor district, to provide a sewer grade for the proposed extension of the Harbor Boulevard, brought about a reduction in the damages awarded by the Board of Public Works. Property owners appeared before the Board of Public Works as a committee of the whole, to listen to a discussion of the improvement, and said that the \$14,500 damages fixed by the Board of Public Works was unfair, in that the property was benefited instead of damaged. The Council lopped \$13,500 from the total and decided to fix the damage to adjacent property at \$1,000.

City Hall Squalls.

Whether iron or concrete posts shall be used in the proposed ornamental lighting system on Wilshire boulevard, between Park View street and Arden boulevard will be decided in a few days by the Public Works Committee of the City Council. A majority of the property owners in the district, favor ornamental concrete posts.

James T. Armstrong was denied a lease of certain ground at Hyperion by the City Council. Action was taken upon recommendation of the Board of Public Works, to which Mr. Armstrong had applied for a lease for a kelp-treating plant.

Herbert Lewis, a former newspaper reporter, will be employed by the City Council as its private secretary, according to action by the committee of the whole yesterday. The Council will ask that he be exempt from civil service, as the work is to be confidential.

The City Council yesterday took formal action in instructing the City Attorney to prepare an ordinance calling for the election of a board of freeholders for the formation of a new city charter.

IMPROPRIETY ALLEGED.

Mrs. Edwin A. Weed, an inmate of the Soldiers' Home, was taken into custody yesterday on the charge of sending an improper letter through the mails to Mrs. H. E. Marvin, in Seattle. He is held in \$500 bond. Mrs. Weed is an old-time newspaperman, a resident of California for forty years and at one time prominent in the politics of the State. He claims that the woman to whom the letter was addressed threatened to make him trouble if he did not give her \$100 for the letter in question. "I wrote just as we used to talk together," says the major. The accused was indicted by the Federal grand jury Wednesday.

THIS PICTURE ORDINARY OR—?

QUESTION ARISES OVER EXHIBIT IN FRAUD CASE.

Woman Who Charges "Rev." Mr. Haas with Securing Money from Her by False Pretenses Says He Told Her it was a Material Manifestation of the Savior.

The jury in Judge Houser's court, trying "Rev." Oscar Haas on a fraud charge, passed among them a picture offered in evidence by Deputy District Attorney Keetch yesterday. The picture is not unusual if, as Rev. Haas declares, it was copied from a photograph and the copies sold for \$1 each to raise a mortgage on the Eastern Star Spiritualist Church property. It is unique if, as Mrs. Pearl P. Flynn, the complaining witness, testified, "Rev." Mr. Haas told her it was a material manifestation of the Savior.

Mrs. Flynn may once have believed that this picture is supernatural, for she told how "Rev." Mr. Haas had received messages from the dead, invoking the spirit of White Eagle, an Indian chief, and using the picture as a medium for communicating to Mrs. Flynn a message from her mother, dead and gone.

"He was supposed to be in a trance," testified Mrs. Flynn, "and gave messages from the spirit world. He told us how mother passed away. He did not give her name, but he said she passed out by fire, and that was true."

Mrs. Flynn was a member of the congregation, and she went to "Rev." Mr. Haas because she heard he had great healing power. She took treatment from him, and while he was treating her he talked about money.

"He said that my mother was here and wanted to buy land he had in Riverside county. She had appeared to him, and he would make us a proposition to buy it for \$500 an acre. Others were paying \$400. He owned his healing power to White Eagle, he said."

"This is White Eagle," and shook hands with me."

Mrs. Flynn invested in the Riverside land and charges that it was misrepresented. It was supposed to be sub-irrigated and bear crops of fruit. There were two knolls upon which residences could be built. But she said it was not sub-irrigated and would not produce crops and trees.

Under a hot cross-examination by Attorney Schenck, Mrs. Flynn admitted that she had made a payment after visiting the land and had not seen "Rev." Mr. Haas. She said she had found a note on it, but she declared the land is too flat.

There are many witnesses to be called, which may cause the case to be a week in the trial. Before Mrs. Flynn was called to the stand Mr. Schenck asked the court to exclude all witnesses. Among the spectators were Gorman Tufts, Jr., and Mrs. Tufts. They stated they were interested in the case because of a friend's connection with it.

MUCH INVOLVED.

ALLEGED MISREPRESENTATION.

The recital of a real estate investment, an apartment-house and a safe under a trust deed is contained in a complaint filed yesterday by Mr. and Mrs. Claude L. Ross of Los Angeles against Lee M. Hatfield, a real estate promoter; C. F. Borton, manager of Hatfield Co., contractors; the Fidelity Savings and Loan Company and others for an accounting, an order to restrain the Fidelity Savings and Loan Company from selling certain property and to set aside a trust deed.

Mr. and Mrs. Ross were visitors in Los Angeles in 1912 and were ignorant of real estate values of the Pacific Coast. They invested in a lot on Alvarado street between Seventh and Eighth streets, the consideration being \$14,000. It was represented to them, they allege, that an apartment-house would increase the value of their holdings, and one was subsequently constructed.

They would be responsible for nothing, the complaint sets out. They would not be compelled to pay out any money on account of papers signed or for the erection of the building. The latter would be handled without cost to them, but it was represented it was necessary to sign a mortgage for a building loan which would be taken up and handled by the defendants.

These representations were made, it is alleged, to defraud the plaintiffs out of their premises and to force a trust deed sale. The plaintiffs claim they were compelled to pay out during the construction of the building \$20,000 above the building loan. It is also alleged that the building was not completed until long after the time specified.

It is further charged that the trust deed was represented as a mortgage with equity of redemption rights, and that it had full same force and effect as an ordinary Kentucky real estate mortgage. A general power of attorney was signed to Mr. Hatfield, it is asserted. The contract, the complaint states, was made at an exorbitant figure, approximately \$6,000 more than a reasonable price.

Mr. and Mrs. Ross returned to their Kentucky home and were informed by mail that everything was going nicely with their investment. The building loan with the Fidelity Savings and Loan Company was not paid, and the building was not completed. Mrs. Ross stated they did not discover the property was liable to be sold under the trust deed, nor that it was advertised for sale until after the sale, which was actually made, January 23, last. A telegram from a friend here notified them, and they wired counsel to protect them. Suits aggregating \$11,522.19 on mechanics' liens have been filed.

SEEKS FORMER FIANCEE.

SEEKS MONEY LOANED HER.

Suit to recover \$750.10, which H. A. Dunham says he advanced to Miss Irene McDougall Scott, Tuesday, March 3, 1915.

Yesterday by Mr. Dunham against her former fiancée, now Mrs. Irene McDougall Scott. The suit was filed by Attorneys Snyder & Woods of Santa Paula, and the story it tells is that Oscar H. Dunham, a resident of Los Angeles, met and fell in love with Miss McDougall, a woman to whom the letter was addressed threatened to make him trouble if he did not give her \$100 for the letter in question. "I wrote just as we used to talk together," says the major. The accused was indicted by the Federal grand jury Wednesday.

her promise. A month later she married Edward M. Scott.

The trial of the suit to collect the sums Mr. Dunham alleged she owed to his bride-to-be promises to reveal a romantic story with a solution of Mrs. Scott's love turning to Mr. Scott.

NOT THE BOSS.

AS TO NUISANCE OR NOT.

The ordinance adopted by the City Council of Long Beach which put the Long Beach Fertilizing Company out of business was held yesterday by Judge Finlayson to be unconstitutional and an injunction pendente lite was granted. The ordinance defined a nuisance as anything which by resolution of the City Council shall be declared to be a nuisance whenever a petition is presented to the City Council representing that any act or thing is a public nuisance. Upon a hearing the Council passed a resolution declaring that it is or is not a nuisance.

The court held that the showing made by the plaintiff raises a substantial doubt as to whether the fertilizing plant is in fact a nuisance. Concededly the ordinance, or rather the resolution, summarily declares the fertilizing plant to be a nuisance, whether it be such or not, and orders it summarily discontinued.

Without regard to the manner in which it is carried on or the sanitary or unsanitary condition of the premises in which it is conducted, the City of Long Beach can abate a nuisance under the general laws for nuisances, but it cannot show it is a nuisance, the court held.

AT MOTHER'S DEATH.

PROPERTY HERE, SHE SAYS.

"I felt it was not my property until my mother passed away," testified Miss Lillian R. Thelen in Judge Wellborn's court yesterday, in the suit of her brother, Ralph Thelen, administrator of their mother's estate, to recover property valued at \$7000 for her brother, Ralph Thelen, the deceased, who died in 1912.

The suit was brought by Walter N. Johnson for \$20,000 for a fractured leg when he was jarred from a car by a street car on February 2, 1912. He alleged there was insufficient space inside the car for him to ride, and that he was thrown off the platform of the car and landed on the street. He amended answer the corporation alleged that the accident was due to negligence.

JUROR FAINTS.

While the jury which tried the \$20,000 damage case of George B. Renfro against the Southern Pacific was deliberating in the juryroom of Department One yesterday, Juror H. J. Jud, No. 2861 West Eighth street, collapsed and created a stir. Judge Myers, before whom the action was tried, Bailiffs Henry and Bunnell worked over the unconscious man and restored him. As he appeared in a bad way, Dr. Tevis was sent for, and finally ordered his removal to his home. Dr. Tevis said the attack was acute indigestion.

Conservative Securities and Loan Company, Incorporated, C. K. Book, G. E. Delavan and N. Hyde, capital, \$25,000, subscribed, \$75.

REALTY LOTTERY.

Land Office Officials Settle Disputes by the Chance Method—Seemingly Satisfactory.

Yesterday, for the second time in the past two weeks, Register Roche and Receiver Mitchell of the Land Office, pulled off a game of chance that makes the Chinese fan play look like a piker, for the prizes were quarter and half-sections of land.

Anna B. Horr and Arthur S. Fell held the Paris mutuels on 160 acres of land in the San Joaquin valley, and they held the winning number.

A half-section in the same vicinity was contested for by Glenn P. Thompson and Francis M. Moore, and the last named was the winner. Both of the successful ones reside at El Cerrito.

Women's Short Kid Gloves, 89c

—A popular price for popular gloves that are uncommonly wear-resisting.

—They are of soft, pliable skins; one and two-clasp styles; pique and over-seam sewn, with wide embroidery on backs; black, white, tan and gray—at 89c a pair instead of their full value.

Expert designers have tempered the freakish—so we have the practical in—

Suits for the Out-o'-Doors

—and we are making a special feature of these at popular prices!

—If it please you to go a-tramping, to visit the links or to wander about the Country Club; if motoring is your hobby, or just to watch a tennis game—then these are the suits you will see your comrades wearing.

—If you do not care for these things and want a good looking street suit—trim and smart from correct designing—then those styles are among them, too.

—In choosing them our buyer was discriminating. He knew just what Los Angeles women want and would have no other. The result is gratifying—even though he spent much extra time in selecting one of the many models now on display at—

—\$16.50 and \$19.75

—And at these prices there are fully twenty-two styles.

—By this you see there is no lack of diversity. Here are a few of their fashion motifs—

—Short box coats and semi-Norfolk abounds in variations and are extremely chic whatever their modification.

—There are yokes, broad belts—and on some of the skirts are very mannish-looking patch pockets.

—Skirts flare—and are short, for high-top, novelty shoes are the craze you know. Many have hip yokes, thereby keeping the fullness from being bunglesome.

—And there are buttons; big buttons and little buttons; horn buttons and covered buttons—and military braids.

—But why more description? Come see! The suits are here—in staple and new materials and colors—and their prices are only \$16.50 and \$19.75.

New White Cheviot Coats, \$12.75

—Inexpensive? yes! But truly smart. These are really part and parcel of the specially selected garments arriving now.

—These are in novelty stripes; light weight coats for beach or matinee wear. They have the flare effect and are equally becoming to women and misses. No prettier coats of this type will be offered this season for so little—\$12.75.

(Hamburger's—Second Floor—Today)

We think millinery designers have never evolved prettier models than these

Jaunty and Petite Spring Hats at \$12.50

—There's a quaintness about them that hasn't crept into millinery years. And then, too, it's the type of millinery that sold in seasons for very much more.

—The "Meadowbrook" model, for instance—there's an independence about it with its bright ribbon bows a-nodding at you that's decidedly "taking."

—Then there are turbans—and you turbans ever so pretty before, or so varied?

—Novelty shapes are in abundance and even the sailor is different this season.

—Over and above all are the field flowers for trimmings; nature's pets in all their wild beauty. They go well with the revival of old-time modes in costume, and the woman today, who is properly hatted, finds herself reflecting the pictures of yesterdays.

—And dress hats, too! \$17.50

—there are beautiful styles at \$17.50

—In this line the conservative price "scores" also, for it has been the habit to think "\$25.00 when a dress hat is mentioned."

(Hamburger's—Second Floor—Today)

FOR THE "ONCE OVER."

New Federal Judge Passes Day at the Federal Building—Inspects His Quarters-to-be.

Following the receipt of a telegram announcing his confirmation by the Senate, Judge Oscar A. Trippett visited the Federal building yesterday and gave the scene of his future labors the "once over."

He called upon Judge Bledsoe and discussed with him his probable future actions. Judge Trippett refused to discuss his programme except to say that he expected to take the oath of office tomorrow, and that he would be on the bench in Judge Wellborn's old department Monday morning, ready for whatever was presented to him. He said that he would not await the arrival of his commission, "but it was issued this morning, I understand," he said.

Judge Trippett refused to discuss in any way the few appointments he has to make, consisting principally of a secretary, saying that he had not considered either the post of secretary or court crier.

LESSEN FEDERAL COURT ABUSES.

HEREAFTER JUSTICES OF PEACE TO TRY INDIAN LIQUOR CASES, IS PLAN.

Judge Bledsoe struck at one of the salient abuses of the local Federal court yesterday, when he ordered the office of the United States District Attorney to inform the justices of the peace in counties where Indian reservations are situated that hereafter they will be expected to handle all cases growing out of the violation of the law prohibiting the introduction of liquor into the reservations.

The occasion for the order arose when Aredo Appana, an Indian, pleaded guilty to bringing a quart bottle of whisky into the Swaboda Indian Reservation. The statement of the case caused the court to declare that in his opinion it was a minor infraction of the law, and he granted Appana his freedom, and trouble was justified under the circumstances.

"I am not going to reform the world," Judge Bledsoe declared, "but

—If it please you to go a-tramping, to visit the links or to wander about the Country Club; if motoring is your hobby, or just to watch a tennis game—then these are the suits you will see your comrades wearing.

—If you do not care for these things and want a good looking street suit—trim and smart from correct designing—then those styles are among them, too.

SATURDAY MORNING.

San Jacinto.

CAR LEAPS INTO RIVER.

One Dead, Six Fatally Injured.

Coach Breaks Away from the Engine in Santa Fe Accident at Elsinore.

A Number of Passengers from Los Angeles in the List of Eighteen Victims.

Cause of the Strange Wreck at Approach of a Bridge Still Undetermined.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

EL SINORE, March 5.—The worst wreck that has ever occurred on the Elsinore branch of the Santa Fe resulted today at 11:55 a.m., when the rear coach of the Santa Fe train went off the railroad bridge over the San Jacinto River, one mile south of town, killing one man outright and perhaps fatally injuring a half-dozen other passengers. The casualties follow:

The dead:

E. BRANCH of Los Angeles.

The injured:

Conductor William R. Haynes, internal injuries, chances for recovery very doubtful.

C. H. Stewart, Los Angeles, internal injuries, recovery doubtful.

John Hickey, Kingman, Ariz., arm and leg broken, internal injuries.

Mr. Blitt, Los Angeles, salesman for Western Wholesale Drug Company, arm broken, internal injuries.

Mrs. Berg, Los Angeles, bruises and lacerations, thought to be internally injured.

Mrs. Plummer of Jerome, Ariz., leg broken and badly bruised, recovery seems impossible.

Sam Ross of No. 601 Bernard street, Los Angeles, internal injuries.

Mrs. W. E. Minton, Elsinore.

Ruth of Highmore, S. D. Mrs. Miller.
